

CHM13/hs1 PHR Browser Panels by Community

37 cached UCSC Genome Browser panels sorted by the HPRCv2 arm-level Leiden C1-C15 community assignments. Panels keep the same full-width image scale as the original browser suite; multiple panels are stacked only when they fit at that scale.

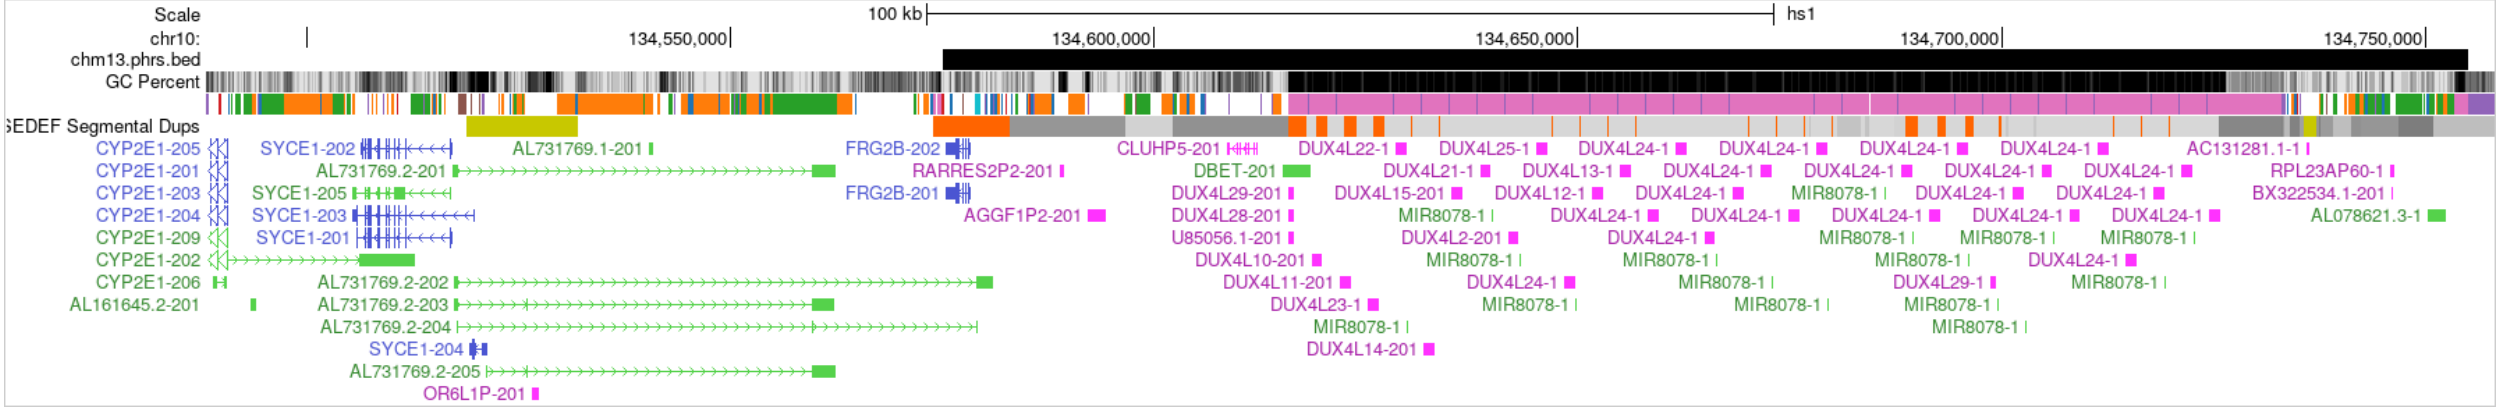

Every panel includes a visible, clickable UCSC URL. Browser windows are terminal-anchored 1.5x zoom-outs around the CHM13 PHR interval.

Rendered arms absent from the CHM13 BED remain absent here: C5 missing from chm13.phrs.bed: chr6p; C7 missing from chm13.phrs.bed: chr13p; C14 missing from chm13.phrs.bed: chrYq; C15 missing from chm13.phrs.bed: chrYp.
